Should Register Now For P. T. Training

Classes to Start Immediately After January 1st, 1940

After the very successful demonstration of P. T. in the Casino Theatre on Wednesday, Dec. 6th, the local Committee feels that enough interest was shown on this occasion to justify the organization of similar P. T. classes in Redcliff.

Under the Dominion Provincial Youth Training Scheme it is essential that at least 16 persons be registered for this training in each class (male and female) and as these numbers have not yet been reached, it is recommended that anyone over 16 years of age willing to take advantage of this great opportunity should register with the Chairman, Mr. N. Lums, as soon as possible.

It is intended that P. T. instruction will be started after January 1st, 1940, and will take place in the Casino Theatre on Second Street.

There will be three classes a week, one class for men, one for women and one combined class. The combined class is for the purpose of instructing the men's class and the women's class in Folk Dancing and in different games.

Earl of Athlone Pleads For Era On M. R. A. Base

Uncle of His Majesty Forecasts World Based on Honesty

"The call for moral rearmament has encircled the world and from the source of fresh hope of millions of men and women," the Earl of Athlone declared in an Empire-wide broadcast. "The basis of the movement, the Earl said, consisted of the very principles which had ever been the source of the strength and security of the British nation and the Empire—a basis of honesty, purity and love in individual as well as national life. He declared that moral rearmament was now calling to men and women everywhere to listen to God for His plan to establish peace and understanding among the nations of the world."

The Earl of Athlone said in part: "The heads of states, national, civil and industrial leaders, all classes, creeds and parties, have welcomed it as the cure of that deep disease of the spirit from which civilization is suffering."

"In all parts of our Empire there has been the readiest response. In the United States, President Roosevelt has urged that moral rearmament should receive support in a world-wide basis."

"A year ago, on Armistice Day, I was one of those who used these words: 'Moral Rearmament must be the foundation of national life, as it must be of any world settlement. The miracle of God's living spirit can break the power of pride and selfishness, of lust and fear and hatred; for spiritual power is the greatest force in the world.'"

"This is true as never before today. Moral rearmament stands for a change of heart, for that new spirit which must animate all human relationships. Its purpose is the practical application by everyone everywhere of the standards of honesty, purity and love. It calls on us to make the will of God, the guiding force for all individuals so for homes and nations."

Medicine Hat For Pilot Training

Latest information from Ottawa relative to the location of an air pilot training school at Medicine Hat is to the effect that there will be no definite announcement but yet there is no decision absolutely settled. It is almost certain this city will figure prominently in the air training program. In the event of this point being eventually chosen as a main flying field, two supplementary fields would also be located at respective distances of 10 miles out in the adjacent area. A cheering note in the most recent advice from an official, but usually reliable Ottawa source, states "this will be a great thing for Medicine Hat." It is understood that the pilots who will be trained in Western Canada will largely come from Australia and New Zealand. The exact number which will be allocated to each school is undetermined at present but the statement is made that 25,000 per year will be graduated from the Dominion flying fields.

WAKKANAI, Hokkaido, Japan, Dec. 13 (CP)—More than 700 Russians, including women and children, were missing and believed drowned or frozen to death in the wreck of the Russian steamship indignities on the treacherous coast of Hokkaido. The Japanese ship Karafuto Maru arrived here today with 395 survivors from the crowded fishing service vessel which went aground in a blizzard on the east coast of Hokkaido, northernmost of the main Japanese islands.

Young Redcliff Man Honored By friends

Well-Attended Stag-Party Enjoyed By All Present

A stag party was held last evening in Cliff Hall in honor of Mr. "Mel" Collard, who is leaving the ranks of single rascals to join those of married blessedness tomorrow Dec. 15th.

About forty friends assembled to wish Mel all the luck in the world in his matrimonial venture.

The evening was carried through very successfully with Mr. W. Campeau acting as chairman. Mr. Thompson, at the piano and Joe Nolan in charge of refreshments.

The programme was entirely impromptu, everyone doing his bit when called upon. Skits, larks, funny stories, chorus singing and a quiz contest all proved very entertaining and amusing.

Two presentations were made to the bride elect. The first gift was presented by Mr. J. R. McKenzie as a great deal of movement for the onlookers, but his friends felt sure that Mel will take care of the gift in the manner it deserves and will always remember the spirit in which it was given.

The second presentation was made by Mr. "Pat" Harrison, who expressed the feelings of everyone present and in fact of everyone who knows "Mel" at all, when he said, "Mel is a grand guy and a swell fellow." His friends say this is an absolute fact with no reservations.

Mel has always been interested in all kinds of sports and has given freely of his time and his money to any cause he thought deserving.

The second presentation consisted of a fine walnut combination magazine stand and smoking cabinet.

"Mel" thanked his friends for their lovely gift and enjoyed party in a very able manner.

The party broke up in the wee hours amid many good wishes and congratulations to the guest of honor.

The Review wishes to join with his many friends in wishing Mel and his future bride all the luck and happiness they can cram into their lifetimes.

First Aid Pictures Shown Here Friday

Next Meeting Will Be Open To Redcliff Public Over 13 Years.

The regular First Aid Meeting was held on Friday evening in Gordon Memorial Church basement. There was a good attendance at this, the fourth of the First Aid Lectures being given here under the auspices of the St. John's Ambulance Soc.

Mr. Murphy, of Medicine Hat, was the instructor in charge and gave a splendid demonstration and explanation of the application of important bandages which are essential in First Aid treatments.

Before the lectures were given, Mr. J. J. Nott greatly pleased the gathering by showing two interesting and educational moving pictures—one illustrating the circulation of the blood and the other, the action of germs.

It is very fortunate that Mr. Nott is taking such an interest in the Redcliff First Aid Group and that he is willing to supply both power plant and projector at the lectures and is always present to assist the instructors.

The next lecture will take place on FRIDAY DECEMBER 15th, IN THE BASEMENT OF GORDON MEMORIAL AT 7.30 in the evening.

It is expected that Mr. Nott again will show some moving pictures. An invitation is extended to all persons over 13 years of age to attend, whether belonging to the group or not, in order to give the public the benefit of this very instructive and educational lecture.

NO SALARY RAISES FOR TEACHERS AT LANGLEY

LANGLEY, B.C., Dec. 13 (CP)—The Langley Public municipal council and school board at a joint meeting yesterday decided to oppose a demand by the Langley Teachers' Association for payment of salary increases awarded by an arbitrator last week. The council and school board officials said they were unable to bear any increase in taxation. Langley is in the Fraser Valley.

refusing to stop. As an argument for the other way an editorial paragraph in the paper said:

"One, if the Bremen was armed why wasn't she called on to surrender, so that if she refused she could have been sunk?"

"Two, if the Bremen wasn't armed why wasn't she taken prisoner?" Under the heading: "The risks of meeting a British submarine," the Daily Mail calls the story "the new mystery of the Bremen."

It goes on to say: "It is not clear what would have been the position, if the Bremen ignored an order to surrender if any such order was given."

Especially the paper says: "Why wasn't she at least captured? Isn't she in fact a legitimate object of attack?" Under a heading: "Admiral Hush wouldn't talk to the News Chronicle," the Daily Mail says that the admiral told of the vain attempts of newspaper men to obtain additional information concerning the Bremen story.

The public which read the Admiralty statement asked obvious questions? It said: "Other newspapers, featuring the mystery of the Bremen's escape, suggested that her superior command and the fact that she might have been in some terrible position, may have had something to do with it."

ANOTHER SHIP SUNK LONDON, Dec. 13 (CP)—The British 68-ton collier Marwood Head was blown up by a mine off the east coast, it was learned today when five survivors were landed. Six of the crew were missing. The survivors said the submarine which surfaced yesterday, fired off their shells.

As a result for many holiday skates and books available for soldiers were made to citizens by the Montreal winter service co-ordinating council.

EFFECT OF WAR ON THE WHEAT INDUSTRY

OTTAWA, Dec. 13 (C.P.)—The effect of the war on the wheat industry has been studied by government experts and it has been decided to allow open trading to continue on the Winnipeg grain exchange, it was learned here last night. This will result in British continuing to make wartime wheat purchases in the open market at Winnipeg.

When the war broke out the Canadian government adopted the policy of allowing the usual buying and selling of wheat in Winnipeg to go on for three months while the new situation created by the conflict was reviewed.

Meanwhile Britain and France put the entire wheat buying for the empire under a wheat controller in the United Kingdom.

The situation with one government agency as the principal buyer in the open market led to some misgivings and when Hon. J. A. Crerar, Dominion minister of mines and resources, arrived in London for the empire war party, this was one of the problems he was to advise on.

He told the British government his government's view about how best to handle the bumper Canadian crop and was assisted by George McIvor, chairman of the Canadian Wheat Board, and A. M. Shaw, head of the marketing division of the federal agricultural department.

It is understood consideration was given to the possibility of a deal between the wheat controller and the wheat board for a fixed price and distribution of two government monopolies to handle the crop.

However, in the meantime, buyers from neutral countries have been allowed to buy Canadian wheat. With the likelihood of a short winter wheat crop in the United States neutral demand is expected to increase.

Because of these factors, officials here decided that the fairest way to leave the market open because of the likelihood of a short winter wheat crop in the United States neutral demand to make a good market.

Suburban, Ont. Dec. 13 (C.P.)—A boy's argument between two brothers resulted in death yesterday for 15-year-old Kenneth Dixon, while 16-year-old Clifford Dixon, who gave the blows that resulted fatally, disappeared from his home for a time bringing further grief to his frantic parents.

The older boy returned yesterday afternoon, however, and told of the fight which ended in death for the younger boy. The two were waiting for a streetcar to take them to school when the argument broke out. Clifford said that the younger boy picked up a stone to throw at him, "so I headed off to shove him on the shoulder. But he ducked and I caught him on the neck."

Kenneth fell to the ground, then started to pick himself up, crying that he would tell his father. Instead, he slumped again and lost consciousness.

He was quickly taken home and three doctors and the inhibitor were called to the bedside. The doctors worked unsuccessfully for 45 minutes, when Clifford was pronounced dead. Death resulted from a dislocated neck and a broken spinal cord.

While the medical men were working on Kenneth, the older brother disappeared from the house. However, he returned home safely in about three hours.
